## Acknowledgements

**First and foremost, I pause to recognize the Almighty for giving me grace and writing talent. I thank my wife, DeKisha, and my children, lil' Cleophas and Jasmine, AKA "Jazzy", who have been a constant inspiration and have endured the time and dedication it has taken for me to prepare this reading selection.**

**I would like to thank all my family (mom, dad, brother, sister, mommie house, gdad, Grand), all my friends, all my co-workers, and business confidants (Cleophas Jones Sr., Clendell Jones, G. Kelly, L. Thompson, M. Stevens) who have supported me in this endeavor. I appreciate my illustrator, Nnanna Akwu, and my colleagues, especially M. Anderson, for helping to proofread and edit this work, and my book consultants for publishing this book.**

***And following protocol, and for all those I forgot to call...Thank you.***

**This book is dedicated to children all over the world who are *inspired to read and aspire to lead...that's all children.***

**RHYMING HELPS US COUNT FROM 1 TO 10  
STARRING DOC CEE AND MISS LIVY**

## **Book Summary**

Doc Cee and Miss Livy love to learn, and lots of learning takes place in their school each day. Their classroom learning environment is very exciting. Their teacher is awesome, the room has bright colors, the chairs and tables are neatly arranged, the learning centers are filled with the latest technology, and most important – the students are ready to learn.

In this educational “UReadULead” selection, Doc Cee, Miss Livy, and their classroom friends are taught how to count from 1 to 10. And to make learning fun, the children play a game using a rhyme they created. Their teacher is delighted and she encourages the children to use technology to help them learn how to count from 1-10. Read along and you too, will learn how to count from 1 to 10 using the imagery and rhythmic, rhyming words in this story. Now, show your parents and friends what you have learned by counting from 1 to 10 on your own. Learning is fun!!

## **Character Trait(s)**

### **Creativity and Communication**

Creativity is the use of your imagination to come up with an idea or way of doing something new. For Doc Cee, Miss Livy, and their classmates, creativity helps to make learning fun and exciting. They create a wonderful, rhythmic, rhyming game to help them learn how to count from 1 to 10. And because this game involves speaking, they also have a chance to improve their communication skills with one another. The lesson turns out to be one of the best learning experiences that Doc Doc Cee, Miss Livy, and their classmates have. It proves that creativity and communication help you to learn more by using your “brain power”.

Are you creative at home and at school? Do you come up with different ways of learning and doing things? Do you communicate and share ideas well with others? If not, you should. By demonstrating these traits you help yourself to improve your thinking and reasoning skills. And in the end, you will become a more well-rounded person who is able to make positive contributions at home, school, and in society.

## Who Are Doc Cee and Miss Livy?

Doc Cee and Miss Livy are really cool twins who share exciting adventures at home, in school, and anywhere they end up going.

Doc Cee, the elder twin, is a genius known worldwide for his advanced math and science skills. He is highly intelligent, enterprising, and athletically inclined. A natural leader, he finds himself at the forefront of situations. And he always wears his signature hat!

Miss Livy is the loveable, adorable twin sister who uses her wit to aid her brother and friends in their adventures. Like Doc Cee, she is academically gifted and athletically inclined. She loves reading, science, law, music, and gymnastics. Sometimes, she and her friends engage in learning adventures of their own.

**Doc Cee, Miss Livy, and the rest of the class,  
Were learning their numbers with a new kind of swag.  
Their teacher was teaching and learning took place,  
And smiles shone brightly on each person's face.**

**The kids used a method – very simple indeed;  
The method was fun and it used a rhyme scheme.  
At the class center table, Doc Cee led the team,  
And everyone helped as they sang the rhyme scheme.  
And what made the rhyme scheme so exciting and cool,  
Is the kids made it up while learning in school.**

2

**Doc Cee started off with Juan helping out –  
“One, two, three...I know I can count.  
Four, five, six, seven...I’m well on my way.  
Eight, nine, ten...I can do this all day.”**
